

For Sale – WRTC2014 Antenna Package

I supported the WRTC2014 activity, serving for two years on one of the premier Beam Teams, and acquired an antenna package after the competition. This gently-used system includes the following (neither the tilt-base nor derrick is included):

<u>Qty</u>	<u>Manufacturer</u>	<u>Description</u>	<u>Retail - New</u>	<u>Retail - Used</u>
3	Rohn	25G straight sections	\$119.95	\$251.90
1	Rohn	25AG2 top section with 4' Sched 15 mast	\$79.95	\$55.97
1	Yaesu	Rotator, model G-450A	\$279.95	\$195.97
125'		Rotator cable with connectors (150' price)	\$159.95	\$111.97
150'	Times Microwave	LMR400, with a PL-259 on each end	\$0.99/ft	\$103.95
1	Cycle 24	Antenna, model TX38 (10, 15 & 20 meters)	\$1,199.00	\$839.30
1	Cleanwaste	PETT (Portable Environmental Toilet with 12 replacement bags) - UNUSED	\$114.00	N/C
			Total:	\$1,559.04

The TX38 Antenna is a Tri-Band Yagi (10, 15 & 20 meters) with 8 Full Size Elements, 15 ft. Boom and a 6.7 sq. ft. Wind Load.

This system can be delivered to the Northeastern Massachusetts or Southeastern NH areas, otherwise pickup can be arranged.
